Bodies reinstated

Susanna Kohonen
University of Eastern Finland, Finland

This is a new type of an event: please wear comfortable clothes and bring something to keep you warm, too (the main thing is to be able to move and relax easily). Please take your water bottle as well. Please sign up for this event during the conference as the maximum number of participants is 20 people (there will be a list available).

In this event, through participative and participatory activities, embodied learning and open space learning will be investigated.

Keywords: embodied learning, open space learning.
